Nanuk is a very handsome boy who just turned two years old. He came into rescue as an owner surrender when his owner was no longer able to care for him.

Nanuk is very friendly with kids, male and female humans as well as male and female dogs. He loves to expend his energy playing with other dogs!

He previously lived with 4 cats, but caution must be exercised since Nanuk has shown a lot of "interest" in cats and always aware boundaries where cats are involved. He's never harmed a cat so far, but just because he got along with some cats doesn't mean he will necessarily like your cat.

Despite his young age, Nanuk is housebroken and knows commands such as sit, down, give paw, speak, and show your belly.

Nanuk II is healthy, Heartworm negative, neutered, microchipped and up to date on his shots. This young boy is practically a clean slate; turn him into the companion you always wanted. Fill out an adoption application on our website, www.siberrescue.com, today.
